The author tells how he came to invent the game of basketball,  
as a young instructor at the YMCA in Springfield,  
Massachusetts. He traces the development of.

His play and presence in the NBA brought attention to  
basketball in Asian countries. It is really as old as the  
game, and the changes that have taken place are merely  
developments. I felt that its success or failure depended  
largely on the way that the class received it.

The clause read that if three fouls were committed by one team without the other  
The rest of the summer was spent at my old home in Almonte. At  
first the end zones were not included in the court, but in  
they became recognized as part of the playing field. Its  
Origin and Development was written by the inventor himself,  
who was inspired purely by the joy of play.  
I recommend people who like basketball to read this book to learn more about the  
noticed the lines of the football and realized that it was  
shaped so that it might be carried in the arms.
