It started out good, became kind of boilerplate with the manly hero who never fails and ended with what I can only describe as a novelization of a video game. Several years ago the Amanuensis was plucked out of profitable trading company in Asia, sent to a place of relative isolation, and trained by designated Masters of the Brotherhood to use his latent clairaudient faculties to receive messages from the spiritual dimension telepathically. Don't have a Kindle?

There's a problem loading this menu right now. So don't worry about this type of book. The early part of the novel dealing with the story of Lot and the area around the Dead Sea was interesting, but as a whole this book is just not my cup of tea. It is nothing if not plausible. But the changes will be hard for most. They battle and, as promised, God appears. Very well written and compelling. prophets and scribes wrote many great spiritual works of the past and present such as the Bible, Kabala, and Koran.
