Because early motor development is one of the most important factors in a child's physical, emotional, academic, and overall success, the In-Sync Program of sixty adaptable, easy, and fun activities will enhance Learn child's development, in just minutes a day. The authors proclaim that as we continue to get more sedentary as a society, our children may be paying the price for inadequate motor development that affects all areas of their lives. MelissaCorkumrateditreallylikeditFeb06,I skimmed the first half of the book, although it did have some great information for people who are new to sensory processing disorder or the whole "In-Sync" series.
