Aug 06, pennyg rated it it was amazing. Seriously, I don't think I've ever lived in a place where more people call the wrong number. Evocative and fleeting, this book makes me very excited to visit New Orleans for the first t New Orleans was a charming set of vignettes that capture the spirit and heart of New Orleans from the perspective of someone who has spent twenty plus years in the city and loves it with a true and abiding passion.

Refreshandtry.AcollectionofshortvignettesonNOLA'suniquecharacter, Granted, there are a lot of repeated ideas and themes as one expects from Mon Amour: Twenty Years of Writings from the City collection of several decades of materialand more than a few lazy New Orleans cliches good god, I never want to here the words "voodoo" or "gumbo" againbut there is enough great prose for Codrescu to more or less break even in my book. He once told me that the great tragedy of his life was that he could not hire a "scribe" to follow him around and record his life for him, so that one part of him always had to remain separate from his actions so that he could record it later.

Ireallyidentifiedwithhissuccinctcommentaryontourismthatsprinkled. I don't think I've ever lived in a place where more people call the wrong number. My fondness for New Orleans is great.
