There are no discussion topics on this book. The information in the sidebars is rich, and my favorite part of the book. We are studying the Olympics and the younger kids enjoyed the rhyming text and Brad lives on California's Monterey Peninsula. Now thrill seekers of all ages can experience the ABC's of extreme sports. From holding an edge to laces and hooks, Kurt glides and dances through the alphabet explaining the history, techniques, and memorable moments of the sport. Aug08, Miss Pippi the Librarian rated it liked it Shelves: Related products and try. I learned much about Olympic history from this book.
