All successful organizations regularly use change to improve processes and increase performance. Get to Know Us. Braden Kelley February 6, at 4:

One of these is the need to replace older IT applications programs or packages. Offer valid only once per customer including mobile recharges and bill payments. In helping your organization make change successfully, Making Change Work addresses buy-in, acceptance, motivation, anticipation, fear, uncertainty, and all the other messy human considerations that cause change to fail in the real world. Regardless of how well companies manage a change, there is always going to be resistance. View or edit your browsing history. Poor Timing Timing is one of the biggest problems when it comes to change. The best piece of advice that a company can take in this regard is to be truthful, straightforward, and timely with big changes in the workplace.
