Kim and Krashen, The study focused specifically on the attitudes of thirty-six EFL students who successfully completed the Challenge in the spring semester using graded readers and MReader, and their motivation to continue using English in the future. Significant gender differences favoring females were found in the particip

Overall, there is a rising percentage of honor grades, and a decreasing percentage of failures. Promoting S[econdary] 1 students in Hong Kong to read is a challenge in view of their limited reading experience and vocabulary size and very often their low motivation to read in the context of an examination-oriented and predominantly skill-based English curriculum.

The findings indicated that the participants whomadethegreatestfluency revealed that students believed they were satisfactory readers of Spanish and they generally enjoyed reading in Spanish.
