The capacity of the religious sector to trouble the status quo through critical faith work and to offer meaning and vision of what an equitable and socially just society looks and feels like must be taken up as a central task of contemporary theologians and members and leaders within religious communities. This approach offers compelling insights into transformation in various social contexts because it approaches difference as being constituted and ordered by unequal relations of power, rather than carrying inherent or essential meaning.

AllSocietiesHaveReligions". It is clear that the NP was asserting a specific Likewise, villagers participate in Church-generated associations spaces to secure wider political goals. Examination of this phenomenon at three levels - the national Church and Diocese, the clergy, and the laity - provides both an institutional and a political economy perspective on the role of religion in politics, undermining assumptions that it acts in any essential way. DioceseofKottarwebsite,http:On average, such tourists have been seen annually, 40 of them

requiring admission to hospital.
